Filed: June 6, 2001

Examiner: Mitra, R.

Title: Four Disulfide Core Domain-Containing (FDCD) Polynucleotides, Polypeptides, and Antibodies

INFORMATION DISCLOSURE STATEMENT (IDS)Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure imposed by 37 C.F.R. § 1.56 to inform the Patent and Trademark Office of all references coming to the attention of each individual associated with the filing or prosecution of the subject application, which are or may be material to the patentability of a claim of the subject application, Attorney for Applicants hereby directs the Examiner's attention to reference A listed on the attached Form PTO/SB/08. A copy of the reference is enclosed.

The listed reference is presented so that the Patent and Trademark Office can determine any materiality thereof to the claimed invention. See 37 C.F.R. § 1.104(a) concerning the Examiner's duty to consider and use any such information. Applicants respectfully request that the Examiner make the listed reference of record in the file history of the application, and consider the information contained therein during the prosecution of this application.

Identification of the listed reference is not to be construed as an admission of any individual associated with the filing or prosecution of the subject application that such reference is available as "prior art" against the subject application. Furthermore, Applicants do not waive any rights to take appropriate action to establish patentability over the listed document should it be applied as a reference against the claims of the subject application.

Pursuant to 37 C.F.R. § 1.97(b), because this Information Disclosure Statement is being submitted before the mailing date of the first Office Action on the merits, no fee is believed due. However, the Patent & Trademark Office is hereby authorized to charge any additional required

fee or credit any overpayment in connection with this submission to our Deposit Account No. 08-3425.

Dated: November 3, 2003

Respectfully submitted,

By 

Mark J. Hyman
